REFERRAL SCHEME

Know anyone in your network who may benefit from R&D Tax Relief?

Join Harmony's Referral Scheme today by emailing Sales@harmoneyconsulting.co.uk

WHY JOIN HARMONEY'S REFERRAL SCHEME?

The R&D tax incentive was designed to encourage companies to invest in innovation by claiming back a portion of their investment in research and development activities. By **recommending us to your colleagues, friends, or clients**, you could help them significantly reduce tax liabilities, freeing up capital for further innovation and growth.

By referring your network to Harmony Consulting, you can help them navigate the complexities of R&D tax relief while you **earn commission** on their claim if processed. Our team of experts is dedicated to providing personalised advice and comprehensive support to help businesses thrive through innovation.

HERE ARE SOME POTENTIAL FIELDS WHERE R&D CAN OCCUR:

Agriculture & Farming (e.g. Farming, Food Production)

Environmental Science (e.g. Geology, Environmental Biology, Ecology)

Manufacturing & Workshop Engineering (e.g. Welding & Fabrication, Materials Engineering)

Construction (e.g. Civil Engineering, Structural Engineering, Demolition)

Architecture

Mechanical & Electrical Engineering

Chemical Engineering

Mathematics & Data Science

Software & Technology

And Many More!

Contact us today to join our Referral Scheme and make a difference in your network.

Email us at Sales@harmoneyconsulting.co.uk and start benefiting from this rewarding opportunity.
